

SPL-2 Project Information

Project Title: Conserve the Deep- Marine Life Conservation Platform.

Member names: Habibur Rahman Mahin (BSSE 1422)

Shahria Sultana Elin (BSSE 1445)

Supervisor: Dr. Zerina Begum

Project Description: Conserve the Deep is a web platform that connects users with the marine life and conservation needs of the Bay of Bengal. Through interactive exploration and a pollution-cleanup game, it educates users on biodiversity, conservation, and environmental impact.
